

# Automatic welding

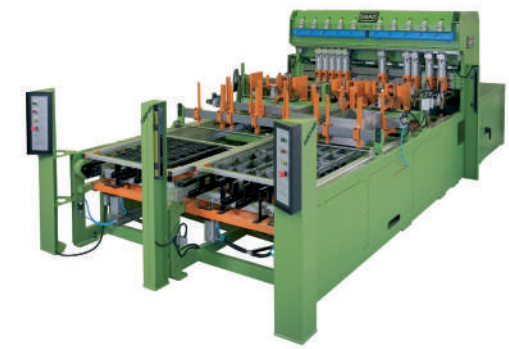

**SARG**

Automatic welding machine for wire meshes manufacturing (fed only by pre-cut wires)

**SAR**

Automatic welding machine for wire meshes manufacturing (fed by coils/pre-cut wires)

**S2D AR**

Semiautomatic double table welding machine for wire shelves manufacturing

**S1D AR**

Semiautomatic single table welding machine for wire shelves manufacturing

**STM 2D**

Automatic three-dimensional welding machine for wire shelves manufacturing

**ISA 3D**

Automatic three tables welding machine for wire shelves manufacturing

**SAV E/C**

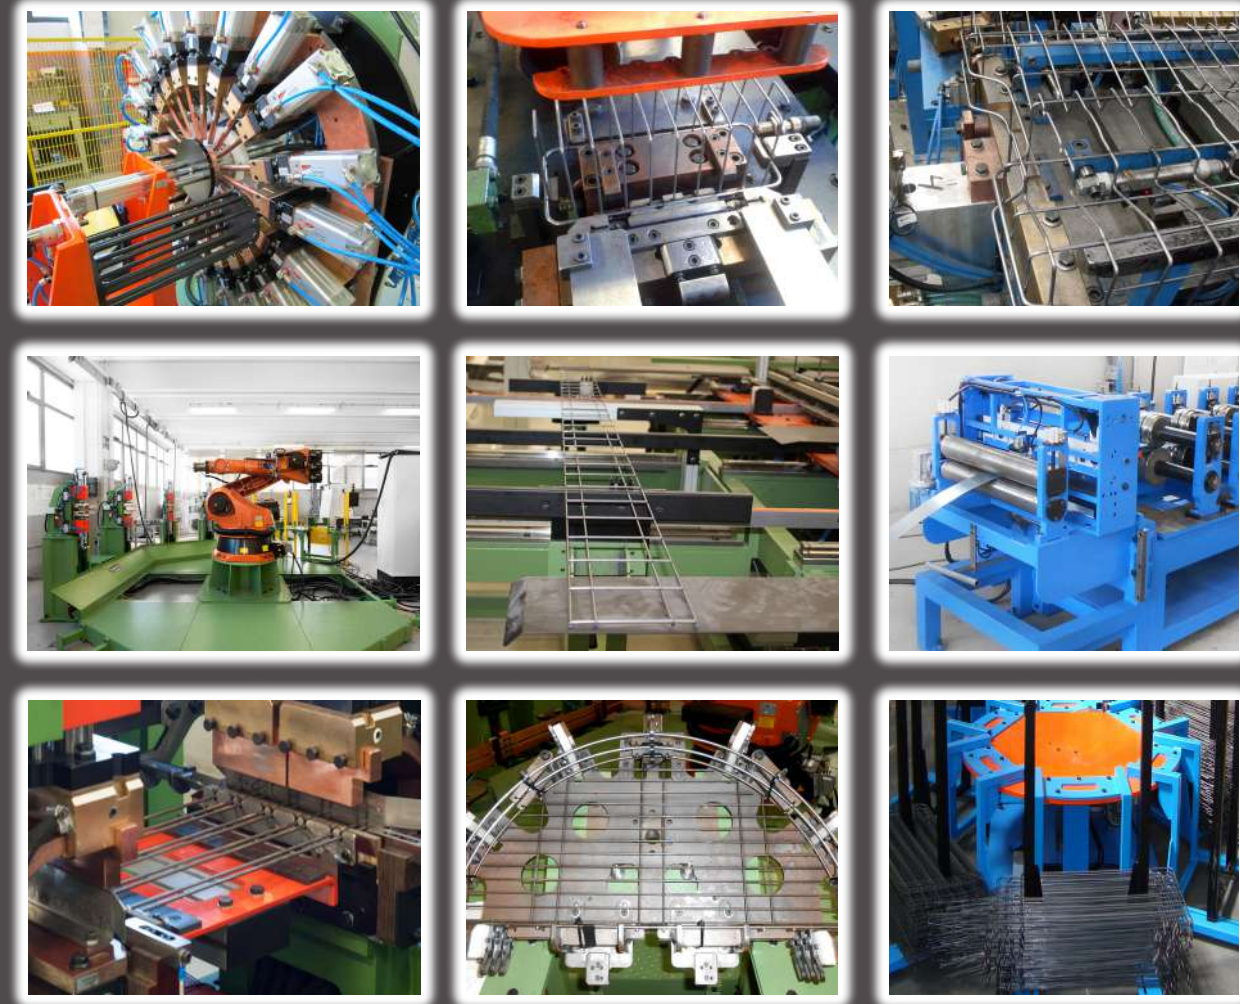

Welding machine for evaporator and condenser shelves manufacturing

**STR/STE**

Semiautomatic "T" welding machine for frames reinforcement

# Wire forming

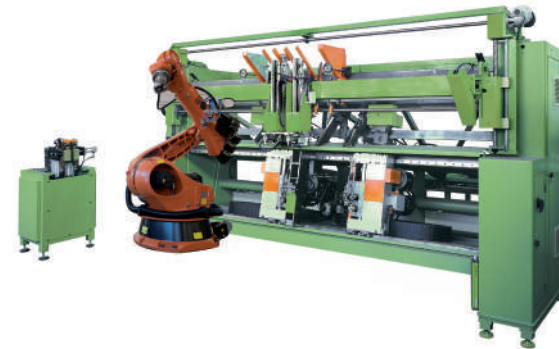

## PTE 2D

Two-dimensional wire forming and welding machine (fed by coil)

## PTS

Two-dimensional forming and welding machine for wire frames manufacturing (fed by pre-cut wires)

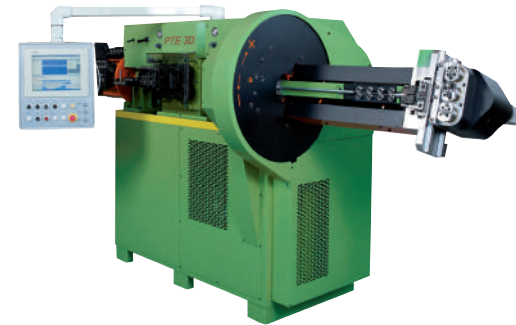

## PEM

Three-dimensional forming and welding machine for wire frames manufacturing (fed by pre-cut wires)

## MAS 2

Two-dimensional wire forming and welding machine for rings manufacturing (fed by coil)

## PTE 3D

Three-dimensional wire forming machine (fed by coil)

## FSA40

Forming and stamping machine for keyrings manufacturing

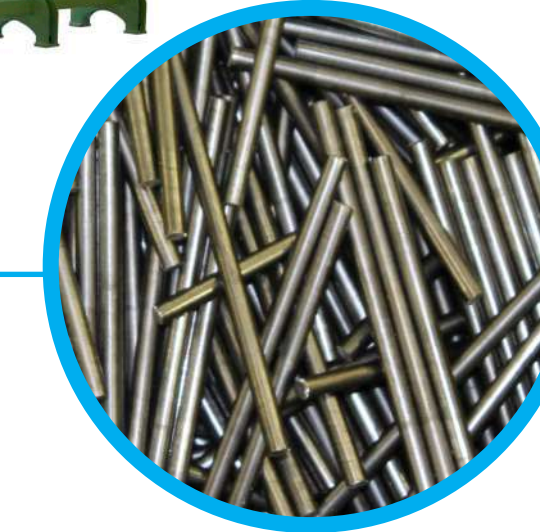

## PGV

Automatic forming machine for wire hooks manufacturing

## TRF

Automatic straightening and cutting machine for round wire (fed by coil)

## TP

Automatic straightening and cutting machine for square and rectangular wire (fed by coil)

# Accessories

## AM 15Q

Motorized wire decoiler

## PRESS 10/20/25T

Hydraulic folding press

## AM 30Q

Motorized wire decoiler

## SW PRESS

Hydraulic folding and welding press

## REF 3T

Manual trimming machine

## SMU

Chamfering machine

## SG 15

Two-dimensional wire forming and welding machine for hanging hooks manufacturing

# Automatic cutting for **ROUND AND FLAT WIRE**
